### DESCRIPTION

**Sport catalyst modification: How you are one step ahead and stand out in terms of technical of performance**

That certain something that makes your motorsport heart beat faster.  
Overtake and winning?

Only by using highest quality sports metal catalysts,  
which are exchanged by precise and finest handwork against your original catalysts,  
is you a performance increase and a powerful sound guaranteed.

#### The Results:

Pure driving fun which protects the engine under full load by thermal discharge,  
possible Maximum speeds faster and generates a power effect, which leads you to start / finish.

**RRP: 2.298,00 Euro** Price plus VAT, plus mounting and delivery.\*

The modification takes place on the vehicle own Exhaust manifold / catalyst - with our processing form the modification is 100% fit.  
Because of the original optics and the accuracy of fit is back to the original parts at any time again possible.
